

Wildflowers

of the

Wilton Wildlife Preserve and Park

Aleta S. Wiley

BINDWEED

Convolvulus spithameus

BIRDSFOOT TREFOIL

Lotus corniculatus

BLACKBERRY

Rubus allegheniensis

BLACK-EYED SUSAN

Rudbeckia serotina

BOUNCING BET

Saponaria officinalis

BUTTER 'N EGGS

Linaria vulgaris

CAMPION, BLADDER

Silene cucubalus

CAMPION, WHITE

Lychnis alba

CHICORY

Cichorium intybus

CINQUEFOIL, COMMON

Potentilla simplex

CINQUEFOIL, ROUGH-FRUITED

Potentilla recta

CINQUEFOIL, SILVERY

Potentilla argentea

CLOVER, HOP

Trifolium agrarium

CLOVER, RABBIT FOOT

Trifolium arvense

CLOVER, RED

Trifolium pratense

CLOVER, ROUND-HEADED BUSH

Lespedeza capitata

CLOVER, WHITE

Trifolium repens

CLOVER, WHITE SWEET

Melilotus alba

CLOVER, YELLOW SWEET

Melilotus officinalis

COLUMBINE, WILD

Aquilegia canadensis

DAISY, OXEYE

Chrysanthemum leucanthemum

DANDELION, COMMON

Taraxacum officinale

DANDELION, DWARF

Krigia virginica

DEWBERRY

Rubus flagellaris

DOGBANE, SPREADING

Apocynum androsaemifolium

EVENING PRIMROSE/SUNDROP

Oenothera

FLEABANE, DAISY

Erigeron annuus

GOLDENROD

Solidago

HAWKWEED, FIELD

Hieracium pratense

HAWKWEED, ORANGE

Hieracium aurantiacum

HOARY ALYSSUM

Berteroa incana

HORSEMINT

Monarda punctata

LILY, DAY

Hemerocallis fulva

LOOSESTRIFE, WHORLED

Lysimachia quadrifolia

LUPINE, BLUE

Lupinus perennis

MILKWEED, BUTTERFLY

Asclepias tuberosa

MILKWEED, COMMON

Asclepias syriaca

MULLIEN, COMMON

Verbascum thapsus

MUSTARD, TOWER

Arabis glabra

NEW JERSEY TEA

Ceanothus americanus

PASTURE ROSE

Rosa carolina

PINK, DEPTFORD

Dianthus armeria

PINK, MAIDEN

Dianthus deltoides

QUEEN ANNE'S LACE

Daucus carota

RATTLESNAKE WEED

Hieracium venosum

SORREL, YELLOW WOOD

Oxalis europaea

SPOTTED KNAPWEED

Centaurea maculosa

ST. JOHNS WART

Hypericum perforatum

THIMBLEWEED

Anemone virginiana

VETCH, COW

Vicia cracca

VIPER'S BUGLOSS

Echium vulgare

YARROW

Achillea millefolium

The Wilton Wildlife Preserve & Park [WWPP] was created in 1996 to protect remaining habitat for the Karner blue butterfly, to preserve open space resources, and to provide recreational and educational programs for the public. WWPP is located ten miles north of Saratoga Springs, New York, in the foothills of the southern Adirondacks. It is a partnership between The Nature Conservancy, the town of Wilton, Saratoga County, and New York State Department of Environmental Conservation. For more information, visit www.wiltonpreserve.org.

All photographs were taken in the summer of 2006 with a Nikon Coolpix 2100 digital camera and were edited in Adobe Photoshop 7.0. This guide was designed in Adobe InDesign 4.0.4.
